

Innovate and Create with Technology

Issue 1, 2012

TOOLS OF THE TRADE: back to school edition

SmartBoard Training

This is a collection of training videos created by Electroboard, the suppliers of SMARTboards.

ICT in the Bowl

This wiki was established to encourage and support the use of ICT at PPS and to provide a range of Notebook and internet resources. Your contributions of Notebook files and good websites are very welcome.

Class Dojo

Class Dojo is an online behaviour management system. Reward individual students with points and have their progress visible on your IWB for everyone to track. Also available on smart phones so you can use the system outside the classroom.

TaLe

The Teaching and Learning exchange is managed by the Curriculum and Learning Innovation Centre. It contains quality-assured resources and information for teaching K-6.

Curriculum Support

Information on all aspects of the curriculum: policies, initiatives, professional learning, competitions and much more. Read or download DEC-made teaching resources.

Classroom Architect

An online Flash tool that lets you design the layout of your classroom without having to drag heavy furniture around.

Creative Commons

“A series of materials is designed to provide simple information for teachers and student on what CC is, how to find CC material and the best way to attribute CC material.

The fact sheets have been developed by the Ministerial Council on Education, Early Childhood Development and Youth Affairs in conjunction with Creative Commons Australia and the ARC Centre of Excellence for Creative Industries and Innovation. “
